

# 528 JUMBO BIN DATA SHEET:

SA packers now have the opportunity to compete with world-wide competitors who have already switched to plastic bulk bins. The "Packing for Profit" Jumbo bin improves pack-out quality and carries with it measurable financial benefits.

## FEATURES AND BENEFITS

- Rounded corners and smoother interior surfaces results in less bruising and damage to your produce.
- Multiple vents in sides and base provide superior air flow so products cool faster adding valuable shelf-life to your produce.
- Unique design with rounded entry has a larger forklift entry height than wooden bins.
- Smooth, non-absorbent surface is not affected by dipping operations.
- The design is compatible with most bin handling equipment.
- Unique moulded label holders for cards and tags. Small, exterior pads reduce scratches.
- Easy, clear ownership identification with hot foil stamping.
- The positive interlocking foot design permits fast and safe stacking.

## CAPACITY

- Up to 280 kg
- 478 Litres
- Tare Weight
- Vented 27.9 kg Solid 28.8kg

## MOULDING PROCESS

High pressure injection moulding.

## Materials

UV-stabilised impact modified polypropylene. Fully recyclable.

## Container Construction

Double walled corners.  
Two label holders.

## Foot design

Positive interlocking with two feet.

## Fork lift entry

90 mm opening with four way side entry

## Ventilation slots

640 air vents located in side panels and floor facilitate air flow. All air vents have rounded surfaces on the inside.

## STACKING

- 4700 kg on level ground in cold storage.
- 3800 kg on level ground in temperatures less than 35° C for less than 1 month.
- 3400 kg on level ground at temperatures less than 35° C for more than 1 month.

## DIMENSIONS

Overall external size:  
1276mm x 1076mm  
Height: 528 mm

## INTERNAL SIZE

Maximum: 1267mm x 1067 mm (at externalised panels)  
Minimum: 1196 mm x 996 mm (at top rim).  
Depth: 400 mm

## VARIATIONS

- Available with solid or 8 mm vented walls and base.

## OPTIONS

- Easy identification with hot foil stamping, or moulded logo.
- Bar coding
- RF tagging.
